FT.use.notes

On desktop to find where to save a large pdf and Pages file:
1. within MISCL.PROJECT FOLDERS—>Inspirational Newsletters—>inquiring minds
2. Save with no spaces (no.spaces) to avoid % from work copy on the desktop

To save to FileZilla Pro:
1. Open it by clicking QUICK CONNECT and scroll down there to latest link (if lose it, check pw in folder or on Apple key saved passwords)
2. Then to get sight manager click left most icon on FileZilla pro app
3. NOTE: leftmost column is the **local site** (on my computer); right column is the **remote site** on my server iCloud.
4. To delete a file from a folder right-click (command two fingers)
