423 West 58th Street New York City, NY 10019  
www.mtsishows.com

A Poster in Angels Camp.

Summer was busiest for the Miles' clan. (ABOVE) Lois was involved in swimming, *Annie*, "busking" ([CLICK HERE](#)) to raise \$ for ski camp. Aimée and John were Executive Directors of the Bear Valley Music Festival where Tommy posed with his bear painting. He received the AT-AT Walker for his birthday from Uncle David. (He and Joe built it 40+ years ago when David was Tommy's age.) Tommy, too, loves building Star Wars Lego action figures, and knows every scene the 1976 movie.

John cuts the 4-layered Lego cake Lois made. She also had party gifts and planned the activities for 10 children who played in the pool and on the trampoline—carefully watched.

< — Us playing Uno, Lois with her rescue dog, Zoe, and running cross country. Tommy and Papa love playing Wiffle ball, and his quick bat gives Joe practice trying to pitch and catch his rips. The lawn also doubles as a chipping range. :)

PEACE ON EARTH

David and Aimée phone us almost daily. We still share our 3-year practice of gratitude-sharing daily.

With the Covid shutdown, we had restricted our travel to local trips by car. This Thanksgiving we flew to San Diego, and David drove us to his home near Ensenada where he showed us his favorite food haunts, and introduced us to his many friends. **Happy 50th, David!**
